End Developer || Educationist  
Karāchi, Sindh, Pakistan

## Summary

People say me Laiba Muhammad Ali. A 19 year old passionate groomed and mannered teenager who wants to do wonders with her critical and logical thinking. Throughout my career I've achieved many things in my life such as being the brightest student In my schooling life also securing 11th Position in overall Karachi board and Getting admission in my dream university i.e. NED University and my Dream Field of interest i.e software engineering Till now I've done my best to achieve each and everything and by this opportunity I wanted to enlighten the name of my University, My Parents and My Beloved Country Pakistan.
